

# 2025 MODELS THE ULTIMATE TRIKE

GERMAN ENGINEERING WITH AN AMERICAN SOUL

## **BUILDING THE WORLD'S ULTIMATE TRIKE SINCE 1990**

Rewaco was the first company in the world to introduce production of a truly "Factory-Built Trike." In 1990, through engineering innovation, Rewaco combined German Engineering with Japanese Reliability and perfected the package with American Comfort and the outcome has created its own class of incomparable machines. Leading the charge into the 21st Century, our Trikes have modernized and improved the Trike industry by challenging design, innovating engineering, and pushing the envelope of performance.

Expanding the Rewaco brand by introducing the world's best-selling trike to the USA has taken us to new heights. Our mission at Rewaco USA is to import and distribute these remarkable machines nationwide for Trike enthusiasts everywhere. With many states already part of our network and more joining every month, we are determined to reach all 50 states and major cities near you.

## Why The Ultimate Trike is Made for You

This German designed and engineered trike comes with an impressive turbocharged Mitsubishi 1.5 litre 4-cylinder in-line engine (VCT) as the heart of the latest rewaco trike generation. Together with Punch Powertrain's excellent automatic transmission, performance is confidently being brought onto the road. This drive system is ideal for cruising and touring enthusiasts who are looking for the perfect travelling experience and love variety. The engine is available in the performance variant: 140 hp with the turbocharger.
